Art, Clay and Craft Program

this School a wonderful,

Its three dimensional nature forces them to think about structure, shapes and forms whether they are new to pottery or are more experienced young clay artists. Projects are tailored to the attending group and involve unique functional and sculptural works designed to exercise a child's imagination. Independent thinking and problem solving is encouraged every step of the way! I believe that children should not be limited in finding their potential. When they are open to new ideas and experiences, they can create **ANYTHING** in their lives! Featuring, in the ongoing program:

Child development through creative exploration!

Clay Program will start September 11, 2018 and end on December 11, 2018. It will be available for all children 2 years old to 7 years old.
