Awesome Science Club

www.awesomesci.com

After a fantastic success in the past 14 years, Awesome Science continues offering its Revolutionary Early Childhood STEM Program. **BioGreen Scientist®™** immerses children into a unique world of STEM Education (Science, Technology, Engineering, Math). Our program, specifically designed for children aged 3- 9 years old, integrates amazing hands-on and eco-friendly experiments with biophysics, robotics, renewable energies, and much more! **BioGreen Scientist®™** inspires children to love STEM disciplines and learning through full of fun experiments that invite them to **Play + Think + Learn!** We would like to thank you for giving us the opportunity to enjoy with your children this Magical STEM world!

Please remember we work with small groups, 7 children/class.

The space is limited and is assigned on a first come, first served basis.

Classes will be held once a week on Mondays

The price per 10 classes is only \$250 + \$20 materials fee/10classes

If you are interested, please complete and return this document to the school office.

Yes, I would like my child to delve into the wonderful world of STEM:

Once a week: Mondays: 2:00– 2:45pm
